## RESTITUENDO FUNDAMENTA

The future foundation of Christendom is you, and your family. Our one-year certificate program provides an intensive education in the humanities. The program prepares students either as a stand-alone education for those planning on embarking on their vocational callings upon completion, or for those planning on pursuing a degree at an institution where the commitment to biblical truth may not be what it once was.

## CHRISTENDOM BIBLE COLLEGE

### WE OFFER STUDENTS:

An intensive education with teachers accountable to historic biblical standards expressed in reformation-era doctrinal statements, free from the poisonous infection of cultural and economic Marxism.

[christendombiblecollege.org](http://christendombiblecollege.org)

Christendom Bible College seeks to provide a return to a robust core curriculum of Christian teaching of the humanities. By supplying this necessary core curriculum, CBC is restoring the foundations of sound education, from which the student may then continue his studies, or set forth in his chosen calling, strengthening rather than weakening his Christian faith and commitment.

## OUR PHILOSOPHY

At CBC, we believe the Word of God is the only valid view of the world as it actually is. Other so-called worldviews represent the world as Christ-denying idolatries vainly imagine it to be. The best-educated students will learn every subject from the point of view of Scripture. It is a foundations and principles approach to learning the humanities. A student need not share this theological commitment to come learn with us, but he will know where we stand.

## OUR PROGRAM

Christendom Bible College provides an intensive one-year study in the humanities. We designed it to equip students, whether they continue to a degree-granting institution, or embark on their vocational callings. Enrollment is open to high school upper classmen, and high school graduates. Many students who have graduated college may feel the need to supplement whatever humanities training they received by attending our program.
